3) (Upon 26.6.28) The present policy has been to encourage as far as possible the establishment of dispensaries in the mofussil so that medical aid may be available at the very doors of the rural people. Attention is invited to the Dewan's speech at the last Assembly session where it has been stated that our endeavour should be to provide a dispensary for each village. The petitioner seems to be keen on providing the necessary buildings. May the Senior Surgeon be requested to send him Standard plans & state if a dispensary on a reduced scale of expenditure can be provided?

Dear Mr. Ranga Rao,

As you are aware, one Mr. A. Ramanna, Zemindar, Anugondahalli, Hoskote Taluk has offered to construct a building with quarters for the staff in the village at a cost of Rs.14,000/- for locating a Dispensary. His grandson, A. He also stated that the donor is very anxious that the dispensary should come into existence during the lifetime of his father who is 105 years old. I am to request you to kindly see that this question is brought to early disposal.

SIR,

Subject:— Re: the construction of a Dispensary at Anugondahalli, Hoskote Taluk, by one Mr. A. Ramanna.

Med. 12-27-37.

I have the honour to state that Mr. A. Ramanna, a land lord of Anugondahalli, Hoskote Taluk sent me in June 1928 a copy of the petition addressed by him to the Dewan of Mysore offering to construct a Dispensary with quarters for the staff in his native place, Anugondahalli, Hoskote Taluk. Copy of a similar petition was sent by Him to the Senior Surgeon. Mr. Ramanna says that he is willing to construct the buildings according to specifications supplied by the Medical Department, which are estimated to cost about Rs.14,000/-. Mr. A. Narayanappa, grand-son of Mr.A. Ramanna - who is said to be 103 years old and who is unable to go to Bangalore - interviewed me on the 21st instant and expressed the earnest desire that the dispensary should be sanctioned during the life time of Mr. Ramanna, who is said to be seriously ill. He is not prepared to spend that money or construct the buildings anywhere else.

2. I would have supported the proposal but for the fact that the marginally noted four dispensaries are within a radius of 12 miles from Anugondahalli and the cost of maintaining the dispensary will be heavy.

Sir,

With reference to your letter No.G.3215/Med. 12-27-39, dated 7th September 1928, about the opening of a dispensary at Annagondanahalli, Hoskote Taluk, I have the honour to state, that we are working steadily towards attaining the ideal of establishing centres for medical relief, so that no villager has to go more than five miles to find the nearest dispensary. At present, Bangalore District possesses one dispensary for every 7.35 miles radius, and stands a good sixth in the list as compared with other districts. In the circumstances, I do not share the Deputy Commissioner's hesitation to recommend another dispensary, on the ground, that there are four dispensaries within 12 miles from Annagondahalli. I think the offer of Rs.14,000 for dispensary buildings to be very generous, such as not to be missed, particularly in view of the programme we have on hand for opening new dispensaries.

2. If the Government accept the offer, I shall move the District Board to meet their quota of the cost of the maintenance of the Institution.
